Experience

Full Stack Web and Application Developer, 02/2025 – 05/2025

Ibex Technologies and Promotion.

- Designed and built the **Bole Public Commodity Distribution** web application using the MERN (MongoDB, Express, Next.Js, Node.js) stack to streamline resource allocation in the Bole sub-city, Addis Ababa.
- Developed and launched a companion cross-platform mobile app using Flutter & Dart, integrating it with backend REST APIs for real-time commodity tracking and inventory management.
- Managed back-end databases

EDUCATION AND TRAINING

Bachelor of Science, Software Engineering 2026.

Arba Mich University
